

SAFETY CONCEPT
TRADE FAIRS

Bern, January 2022

SAFETY CONCEPT FOR TRADE INTRODUCTION

CURRENT REQUIREMENTS WHEN VISITING AN EVENT:

Individuals aged 16 and over are allowed to access events only if they are vaccinated against COVID-19 or have recovered from COVID-19. Face masks are generally required to be worn at the event premises. Children under the age of 12 are exempt from this requirement. Individuals working at the trade fair (exhibitors and employees) must either be vaccinated against COVID-19, have recovered from COVID-19 or have been tested for COVID-19.

For large events with more than 1,000 people, the following requirements apply:

- A safety concept specifying how access is restricted to individuals with a certificate
- A cantonal permit for large events with more than 1,000 participants

As a reliable partner, the BERNEXPO GROUPE has created a safety concept and ensures compliance with the stated requirements for the event permit. The safety and good health of all exhibitors, visitors and employees are paramount to us, and we believe in working towards the best possible solution together. On this page, we provide an overview of mandatory and recommended measures. Foreign exhibitors and visitors should consult the regulations for entering the country of the Federal Office of Public Health (www.bag.admin.ch/bag/en/home.html) and the Federal Department of Foreign Affairs (www.eda.admin.ch/eda/en/fdfa.html) that are currently in effect.

COVID-19 OFFER:

- Comprehensive advice and support whenever you need it

WE TAKE CARE OF THE FOLLOWING:

- Admission to the event for all persons aged 16 years and over (persons under 16 are exempt from these requirements) only with a Swiss or EU COVID certificate (QR code in app or on paper) that demonstrates that a person has recovered from COVID-19 or has been vaccinated against COVID-19.
- Exhibitors are able to take a rapid COVID-19 test on site (valid for 24 hours and only for the corresponding BERNEXPO events). Booking in advance is required.
- A safety concept in accordance with the current requirements of the Federal Office of Public Health and the canton of Bern.
- Where appropriate and necessary, markings on the floor to ensure that participants maintain minimum distances from each other (with a focus on the flow of visitors particularly when entering and exiting the premises).
- Frequent cleaning of all high-traffic areas.
- Sufficient sanitising and hand hygiene stations.
- Hall ventilation with 100% fresh air.

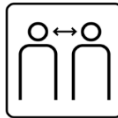

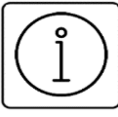

We look forward to welcoming you on our BERNEXPO premises.

Best regards

The BERNEXPO Team

SAFETY CONCEPT

MEASURES BEFORE THE TRADE FAIR

Icon	Measures	Mandatory or recommended?
	<p>Hand hygiene at the booth: All exhibitors must provide sufficient hand hygiene stations in their own exhibition space. This allows visitors and employees to wash and/or sanitise their hands regularly.</p>	MANDATORY
	<p>Surface hygiene: All exhibitors must regularly clean and disinfect all surfaces that are touched by visitors, using suitable products. This particularly includes frequently used surfaces (furniture, tables, bars, laminated objects, touchscreens) and exhibits. We recommend using furniture with smooth surfaces that are easy to clean.</p>	MANDATORY
	<p>Distribution of documents and tasting samples: Exhibitors should limit the distribution of paper documents (brochures, flyers, etc.) as much as possible and avoid reusing them. Only trade fair staff are permitted to prepare and distribute tasting samples.</p>	RECOMMENDED
	<p>Avoid the use of touchscreens: Exhibitors should refrain from using touchscreens if possible. If touchscreens are absolutely necessary, they must be operated only by the booth staff.</p>	RECOMMENDED
	<p>Face masks: During set-up and dismantling of the booths, masks are generally required in the interior spaces of BERNEXPO. It must be ensured that each person has a personal mask available at all times. To ensure this availability, paid mask dispensers will be available at the entrances to the premises.</p>	MANDATORY
	<p>Minimum distance at the booth: Exhibitors must plan their exhibition area in such a way that the minimum distance requirement of 1.5 metres can be complied with at all times.</p>	RECOMMENDED
	<p>Duty of information: The exhibitors also need to inform the trade fair staff about the applicable mandatory regulations during the set-up, implementation and dismantling stages. Visitors as well as the safety and support staff are specifically directed in regard to access restrictions. This can also be seen in the clear separation of the infrastructure with a check of legitimation before entering the premises by presentation of COVID certificates and then tickets.</p>	MANDATORY
	<p>Protecting vulnerable people: Exhibitors are responsible for ensuring that no employees or service providers who belong to a high-risk group (as per the definition of the Federal Office of Public Health) or who exhibit symptoms of COVID-19 attend the trade fair.</p>	MANDATORY
	<p>Online registration and ticketing: It is preferable if visitor tickets are purchased through the online ticket shop. This prevents waiting times and cash payments at the ticket window.</p>	RECOMMENDED

MEASURES AT THE TRADE FAIR

Icon	Measures	Mandatory or recommended?
	<p>Symptoms of illness: Individuals who feel sick or live in the same household with such a person should absolutely remain at home and contact a medical centre.</p>	<p>MANDATORY</p>
 	<p>General rules for entering the premises with a Swiss or EU COVID certificate: Access to the trade fair is restricted to the following individuals aged 16 and over:</p> <p>All visitors must either be vaccinated against COVID-19 or have recovered from COVID-19:</p> <ul style="list-style-type: none"> • Individuals vaccinated against COVID-19: access is permitted for up to 12 months after complete vaccination • Individuals who have recovered from COVID-19: access is permitted for individuals who can prove that they have contracted SARS-CoV-2 and are now considered to have recovered from it; such access is permitted for up to 12 months after the 11th day after confirmation of infection <p>Employees, exhibitors, general staff, operating staff and security personnel must either be vaccinated against COVID-19, have recovered from COVID-19 or have been tested for COVID-19:</p> <ul style="list-style-type: none"> • Individuals vaccinated against COVID-19: access is permitted for up to 12 months after complete vaccination • Individuals who have recovered from COVID-19: access is permitted for individuals who can prove that they have contracted SARS-CoV-2 and are now considered to have recovered from it; such access is permitted for up to 12 months after the 11th day after confirmation of infection • Individuals who have been tested for COVID-19: individuals who have a negative test result from one of the COVID-19 tests: <ul style="list-style-type: none"> ▪ PCR test, valid for 72 hours from the time of sample collection ▪ Antigen rapid test, valid for 48 hours from the time of sample collection <p>Detailed information on the COVID certificate and its validity, including explanations, can be found here or at the page of the canton.</p>	<p>MANDATORY</p>
	<p>Check of COVID certificate: The Swiss or EU COVID certificate (QR code in the app or paper version) and an official identity card must be shown at the entrance to the exhibition premises. After the name on the certificate is checked against the identity card, the access control via the admission system will follow.</p>	<p>MANDATORY</p>

SAFETY CONCEPT

MEASURES AT THE TRADE FAIR

	<p>Social distancing: Present individuals must maintain a minimum distance of 1.5 metres to other people when queuing or when sharing a small space.</p>	RECOMMENDED
	<p>Face masks: In all indoor and outdoor event spaces, there is a general requirement that a mask be worn.</p>	MANDATORY
	<p>Coughing and sneezing: Present individuals must sneeze or cough into the crook of their elbow. Used tissues or other personal disposable objects must be thrown in sealable bins.</p>	RECOMMENDED
	<p>Signals and PA announcements: A range of measures such as posters, stickers and PA announcements has been put in place to regularly remind visitors and exhibitors of the hygiene and safety measures.</p>	INFORMATION
	<p>Hand hygiene: Present individuals must wash their hands frequently and thoroughly with soap. If you cannot wash your hands, use the sanitiser dispensers provided on the BERNEXPO premises.</p>	MANDATORY
	<p>Surface hygiene: Exhibitors must clean surfaces and objects regularly and thoroughly after use, especially if multiple people have touched them.</p>	MANDATORY
	<p>No shaking hands: Shaking hands, social kissing and touching your nose, mouth or eyes should be avoided.</p> <p>Doors: Wherever possible, we will leave all doors open to allow you no-contact passage.</p>	RECOMMENDED
	<p>Suspected COVID-19 at the booth: All exhibitors are responsible for sending home (with a hygiene mask) any staff or service providers who exhibit COVID-19 symptoms, and the event organiser must also be informed immediately. Exhibitors must remind persons with suspected COVID-19 to comply with the guidance provided by the Federal Office of Public Health.</p>	MANDATORY
	<p>Refreshments and catering at the booth: The following restriction currently applies to the consumption of food and beverages at major events, trade fairs and consumer exhibitions:</p> <ul style="list-style-type: none"> • Food and beverages must be consumed while seated 	INFORMATION
